**Directions:**

Take I-294 to Roosevelt Road (just south of the Eisenhower – 1290). Take Roosevelt Road eastbound to First Ave (about 15 minutes). Take a right – southbound – onto First Ave and then a right at the first stop light to enter Loyola Medical Center campus. Alternately, you can take the Eisenhower and exit Southbound onto First Ave. Continue to the first stop light and enter the campus.

**On Campus:**

Head westbound to the back of the facility where you must turn left. Follow past two stop signs to large, indoor parking structure. The gates are open and parking is free. Locate the elevators at the south east end of the structure. Enter the building just east of the elevators. There will be a corridor on the left. Take the ramp down and follow the curves through the fire doors. Go through those doors, past the restrooms, to the junction. Take a right into the cafeteria.
